

Samples & Notepads

We happily provide boxes of samples and info notepads if you prefer not to buy product. These can be handed to patients during the consult and parents then purchase online.

Payment Terms

We offer 30 day accounts for all wholesale customers.

How to Order

Email nicola@kidseyegear.com.au and we'll send you out an electronic order form. Simply fill it out, send it back and your order will be despatched. Alternatively, orders can be made just by sending us an email message.

Adhesive Orthoptic Eye Patches

Kids Eye Gear's adhesive orthoptic eye patches are latex free, hypoallergenic and gentle on skin. They are suitable for single use only. They come in six different colours - red, green, pink, yellow, blue and purple, and are pre-packed in packets of 10 patches into boxes of 50.

Fits babies through to adults.

Koala Pack

Small or Medium

Contains:

Pink, purple, green, yellow

Croc Pack

Small or Medium

Contains:

Blue, red, green, yellow

SpecStoppers

Box of 20 SpecStoppers

You choose the colour combination in a box or select mixed and we'll mix it up for you.

Kids Eye Gear's SpecStoppers ear hooks for children's glasses are a nifty silicone piece that slides onto the arm of glasses. They help keep glasses firm on the child's face by preventing them from slipping down. The anti-slip temple tips sit on the arms of the glasses and then hook behind the child's ear. Our SpecStoppers are specially sized for children and will fit on most sized frames.

Colours available:

Red, Hot Pink, Purple, Royal Blue, Aqua, Green, Yellow, Orange, Black, Clear
